Education

ADGITM Delhi

2019 - 2023

- B.Tech, Computer Science Engineering, CGPA : 9
- Major Project : **Visually Impaired-friendly Email App** :

Developed a visually impaired-friendly Email App (Kotlin, Android Studio) enabling voice-command inputs for composing mails, designed with a universally accessible UI.

Experience

10Times

Jan 2024 – Present

SDE-1

- **Eventgeni**
 - Spearheaded the design and implementation of the complete onboarding workflow, optimizing user experience for simplicity and ease of use, utilizing UX/UI best practices.
 - Contributed significantly to the development and deployment of the MVP version of the application, ensuring timely and efficient delivery by leveraging Agile methodologies.
 - Enhanced application performance, achieving a **40% increase** in speed through meticulous code optimization and efficient resource management with **Next.js**, resulting in improved load times and user satisfaction.
- **Widget :**
 - Built customizable widgets using **Web Components** for seamless integration into external websites.
 - Applied modular and reusable code practices for future expansion.
 - Designed responsive and visually appealing UI.
- **Eventeli :**
 - Developed and deployed the MVP version of the product, ensuring a robust and scalable architecture to support future enhancements and user growth.
 - Integrated RESTful APIs to enable seamless communication between frontend and backend systems, enhancing the application's functionality and user experience.
 - Collaborated closely with backend developers to ensure efficient data flow and real-time updates within the application using **React and Next.js**, improving overall application responsiveness and reliability.
- **Whr.ai :**
 - Developed a dynamic and fully responsive landing page website using Next.js to showcase new company products, ensuring a seamless user experience.
 - **Implemented smooth animations with Framer Motion**, enhancing visual appeal and interactivity.
 - **Optimized performance and responsiveness**, delivering a fast, engaging, and mobile-friendly website.

Nagarro (Gurgaon)

Mar 2023 – Dec 2023

Software Developer Trainee

- **E-Commerce Catalogue :**
 - Designed and developed a feature-rich E-Commerce Catalogue using **Spring Boot-Java and Angular**, incorporating dynamic product filtering options.
 - Implemented secure user authentication for Login and Registration processes through **REST API** integration
- **Result Management System :**
 - Created Result Management System: Designed and developed a comprehensive system using **HTML, CSS, Node.js, Express.js, Bcrypt, JWT, Angular**, and **MySQL**.
 - Enhanced student information management with an efficient teacher login and registration system.
- **Library Management System :**
 - Created a Library Management System using **Spring Boot-Java** for REST APIs and **Spring MVC** for the frontend.
 - Demonstrated full-stack development skills, including database management using Hibernate and **MySQL**.

Professional Skills

- **Programming Language** : *Javascript, Typescript, Java*
- **Database** : *RDBMS, MySql, SqlServer, Hibernate (ORM)*
- **Frontend and Server Side**: *HTML, CSS, React , Next Js, Web Components, Spring (Boot)*
- **Libraries** : *Framer motion, Puppeteer, React-aria, Tailwind*
- Solved over 500 DSA problems : <https://auth.geeksforgeeks.org/user/akashjindal2000>
- **Github** : <https://github.com/Mate-20/MyProjects>

Extra – Curricular

- Showcased acting talents in notable films including "Atrangi Re," "Raksha Bandhan," and "Dunki."
- Engaged in Theatre for 4 years, securing victories at competitions in IIT Delhi and IIT Kanpur.
- Hobbies : Acting, Scripting, Cinematography.
